SOLID WASTE SECTION

July 29, 2008

Mr. Mike Gurley, Environmental Manager
Allied Waste Industries, Inc.
5105 Morehead Road
Concord, North Carolina 28207

Subject: Determination of Completeness, Construction and Demolition Landfill (C&DLF) Unit,
Lake Norman C&DLF, Permit No. 55-04, Lincoln County, Document ID No. (DIN) 5352

Dear Mr. Gurley:

On July 18, 2008, the Division of Waste Management (Division) received your permit application for continued operation of Lake Norman C&DLF. The report is entitled:

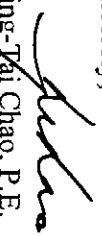

- *Closure and Post-Closure Plan, Lake Norman C&DLF Facility*. Prepared by: Brown and Caldwell, Charlotte, NC. Prepared for: BF1 - Lake Norman C&DLF. Dated July 17, 2008. DIN 5349.

The Division has performed a review of your application for a determination of completeness. Your application has been determined to be complete within the context of NCGS 130A-295.8(e). A determination of completeness means that the application includes required components, but does not mean that the components provide all the information that is required for the Division to make a decision on the application. The next step is for the Division to review the submittal for compliance with the Solid Waste Management Rules (the Rules), 15A NCAC 13B .0547.

Lake Norman Landfill, Inc. is authorized to continue operating the Lake Norman C&DLF in accordance with your most recent Solid Waste Permit dated June 28, 2007, and the Rules, 15A NCAC 13B.

Should you have any questions regarding this matter you may contact me at (919) 508-8507

Sincerely,

Ming-Jai Chao, P.E.
Environmental Engineer II
